

How to Export your Job on V15 Pocket 3D

1. Tap “Data” in the bottom menu.

2. Go to "Import/Export".

3. Tap on "Export".

4. Make sure that the “Export” is “Project / Multiple Data”

Export

Export: **Project / Multiple Data**

To: **TP3 file**

☒ Entire project
☐ Select items...

Next > **Cancel**

5. Then “To” is “TP3 file”

Export

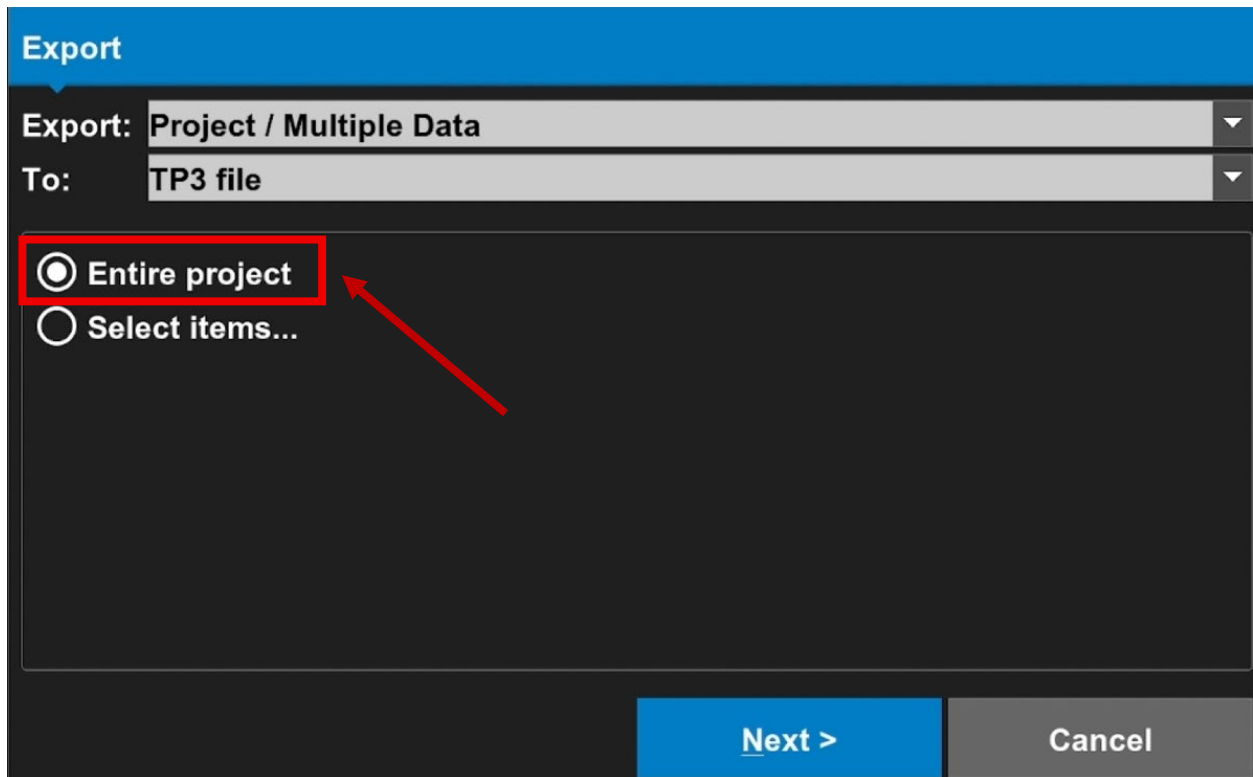

Export: **Project / Multiple Data**

To: **TP3 file**

☒ Entire project
☐ Select items...

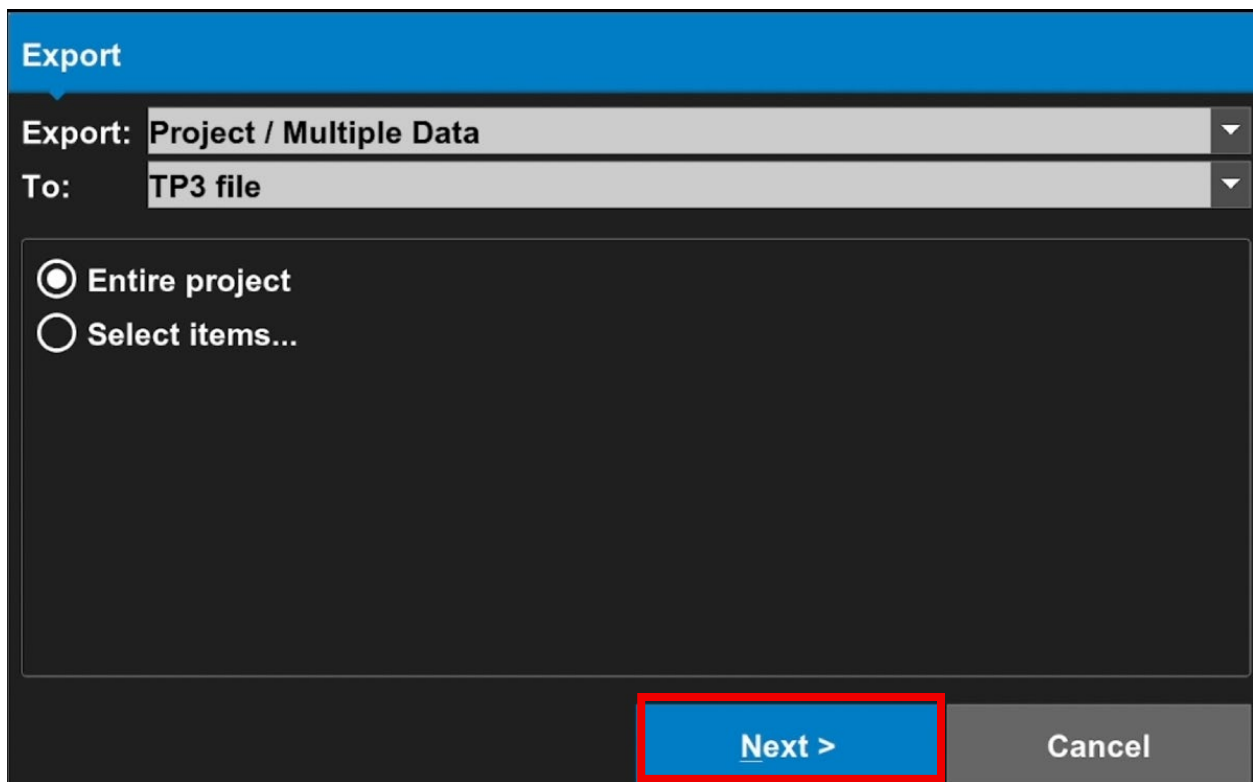

Next > **Cancel**

6. Highlight "Entire project"

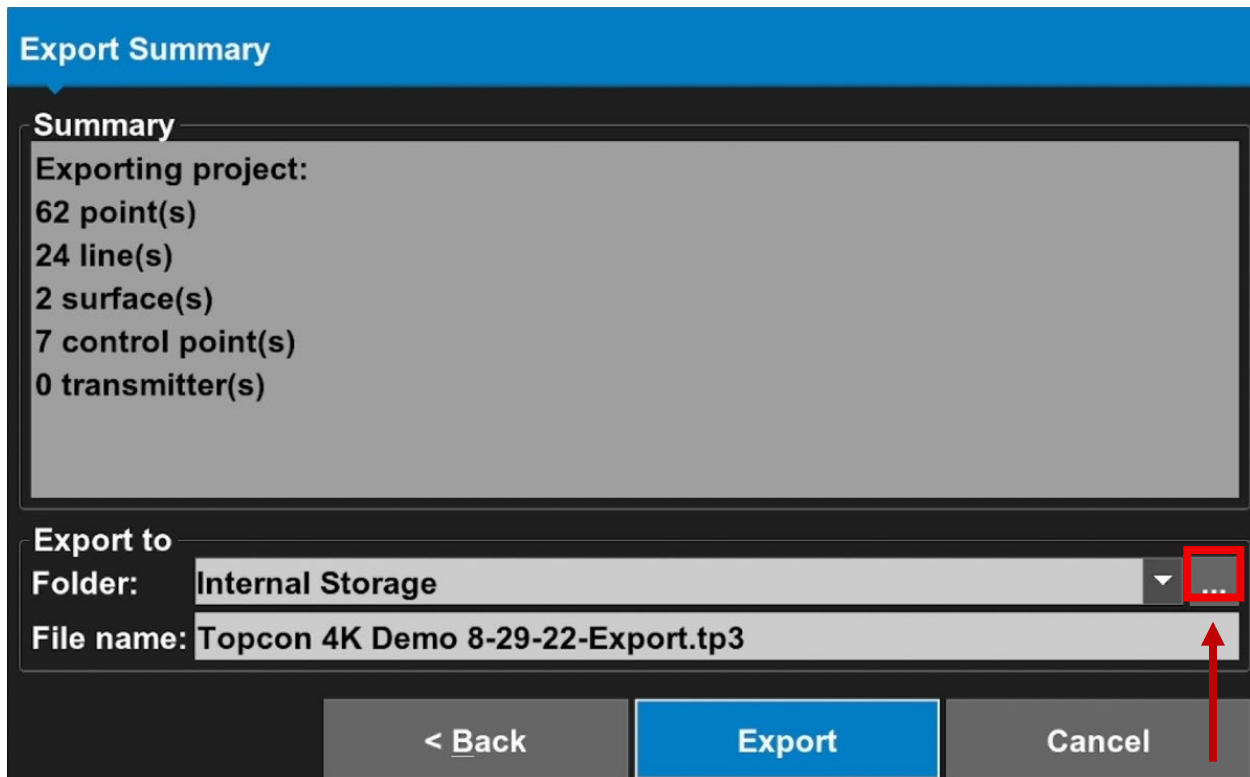

The screenshot shows an 'Export' dialog box with a blue header. Below the header, there are two dropdown menus: 'Export:' set to 'Project / Multiple Data' and 'To:' set to 'TP3 file'. Below these, there are two radio button options: 'Entire project' (which is selected and highlighted with a red rectangle) and 'Select items...'. A red arrow points from the right towards the 'Entire project' option. At the bottom right, there are two buttons: 'Next >' (highlighted with a red rectangle) and 'Cancel'.

7. Then tap "Next"

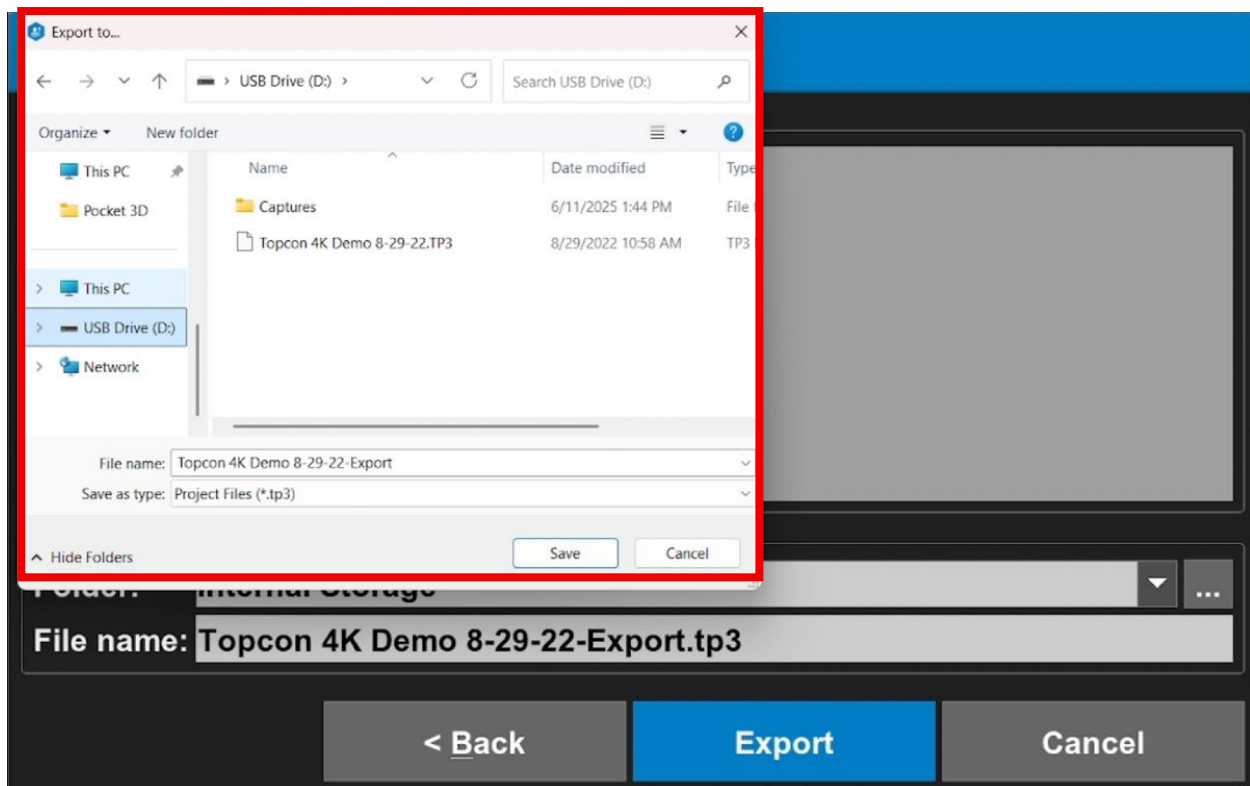

This screenshot is identical to the previous one, showing the 'Export' dialog box with 'Entire project' selected. However, the 'Next >' button at the bottom right is now highlighted with a red rectangle. A red arrow points from the bottom of the screen towards this button.

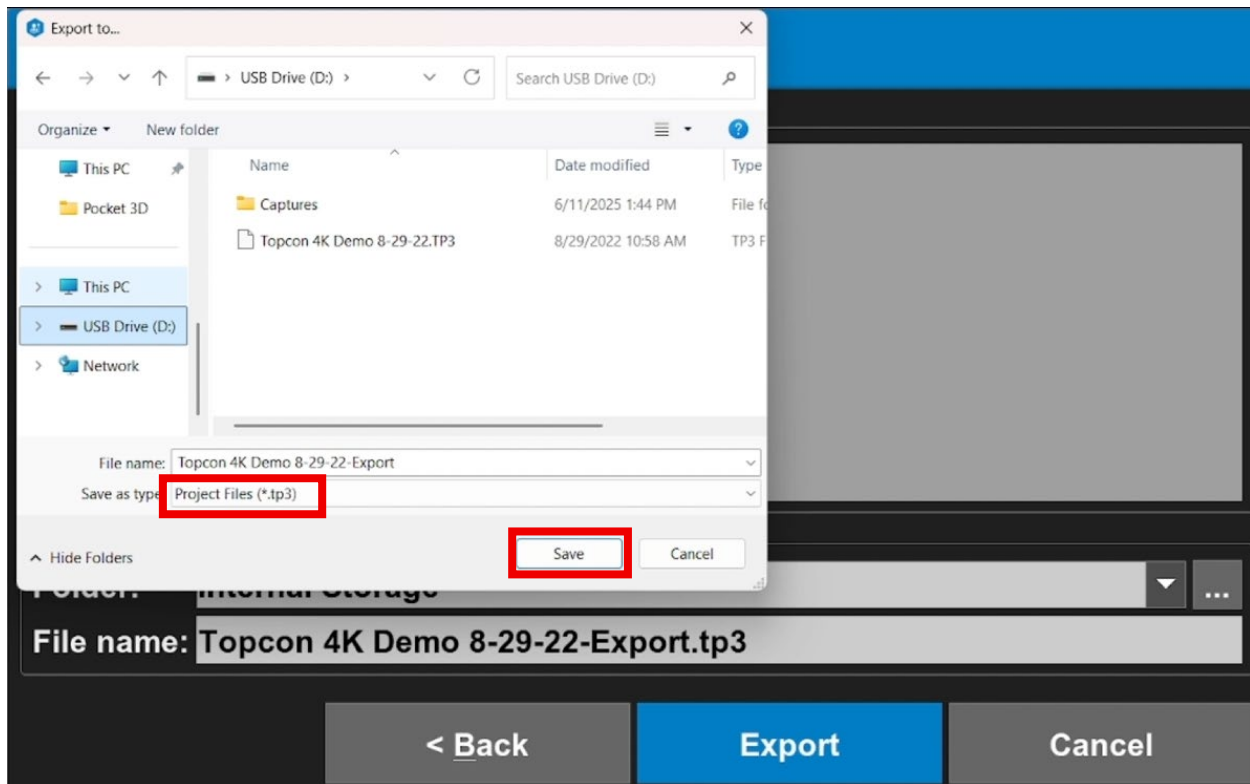

8. Tap the **“Three Dots”**.

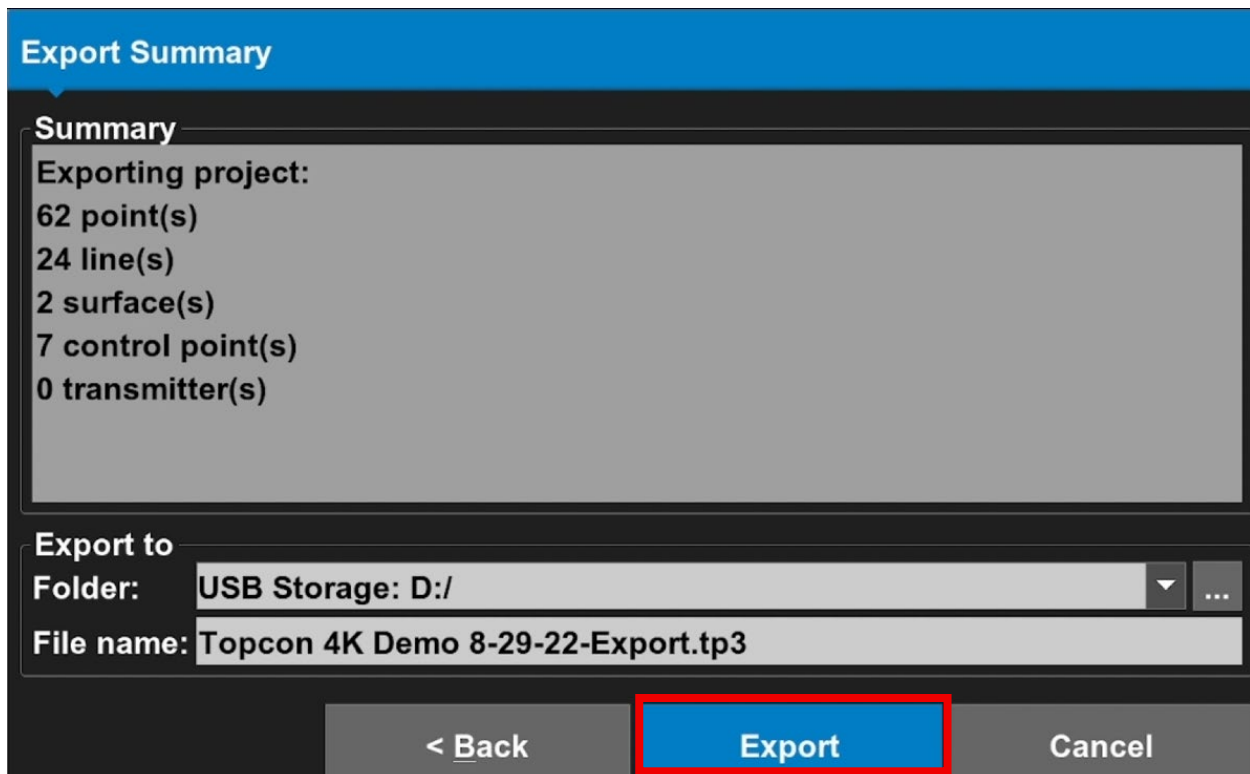

9. After clicking the three dots, you may choose where you want to export.

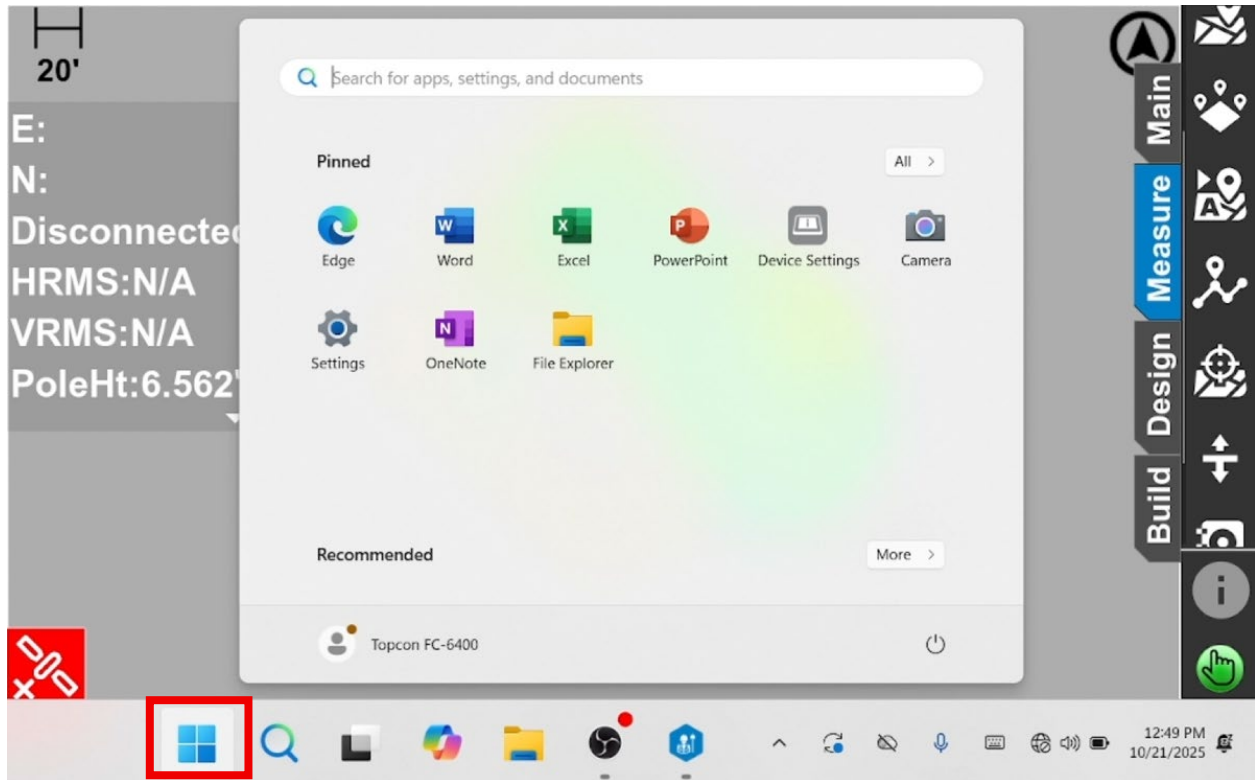

10. Save as type **"Project Files (*.tp3)"** then hit **"Save"**.

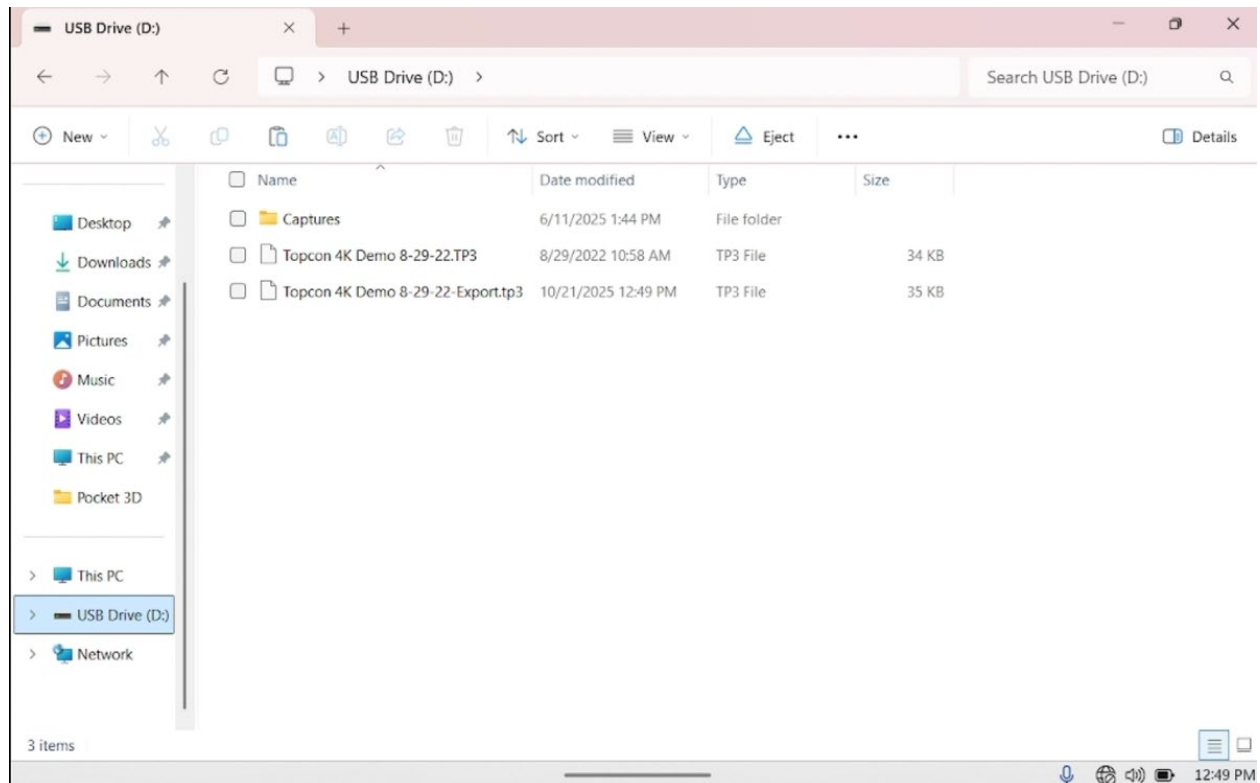

11. Tap **"Export"**

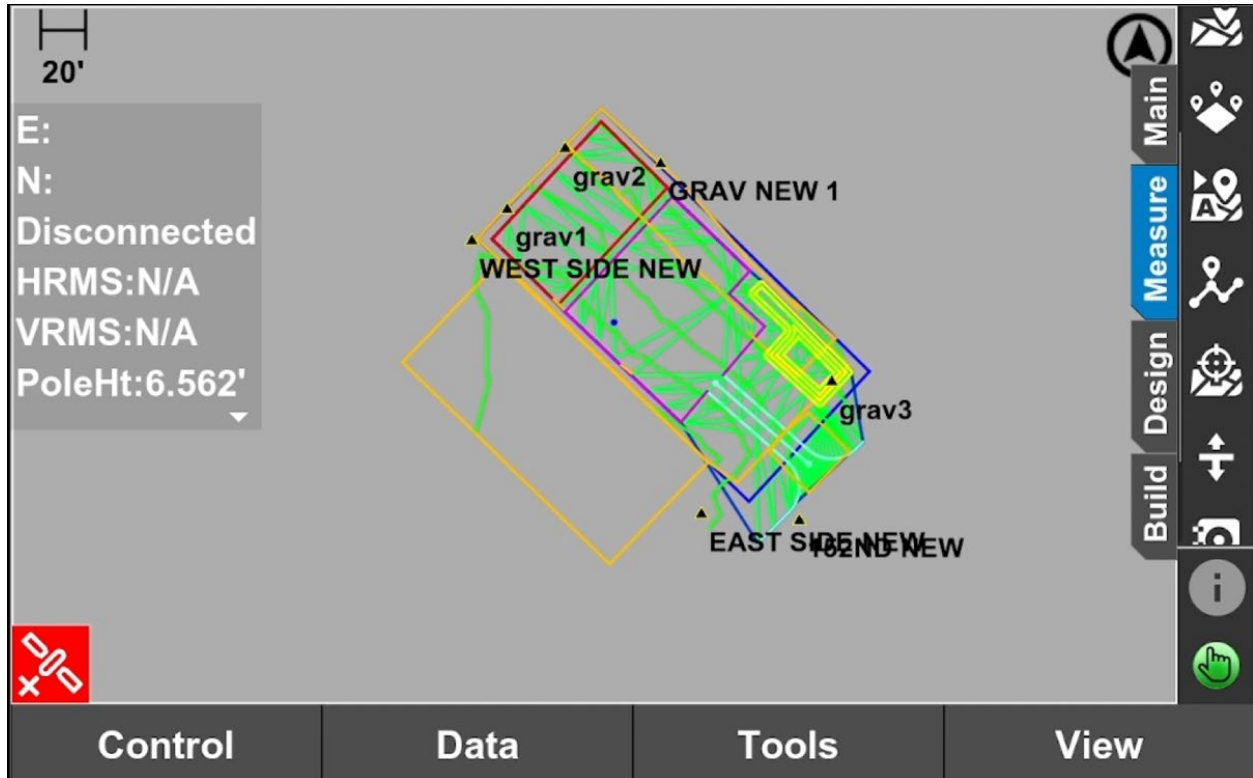

12. Click the “Menu” and go to “File Explorer”

13. Go to the folder where you exported your work and check the file you exported.

14. You have now successfully exported your work.
