

How to Create a Line Between Two Points on Trimble Siteworks

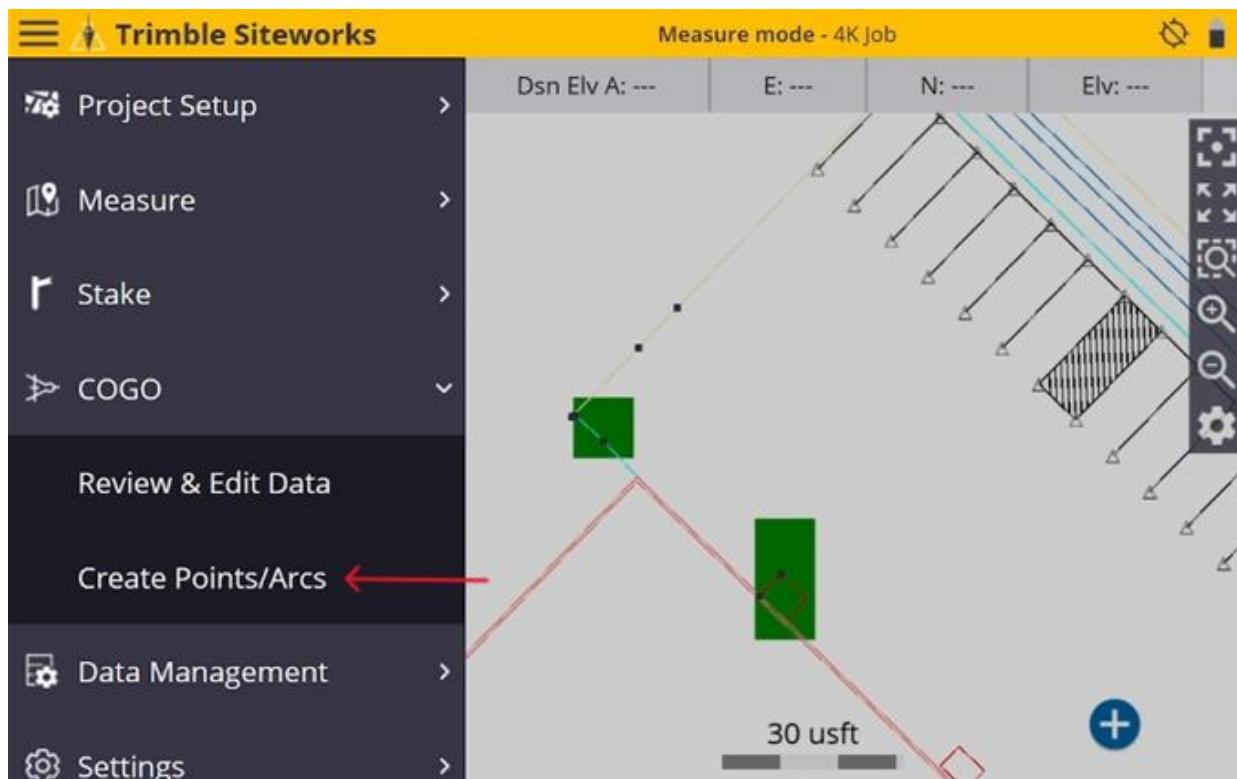

1. Tap the menu in the top left.

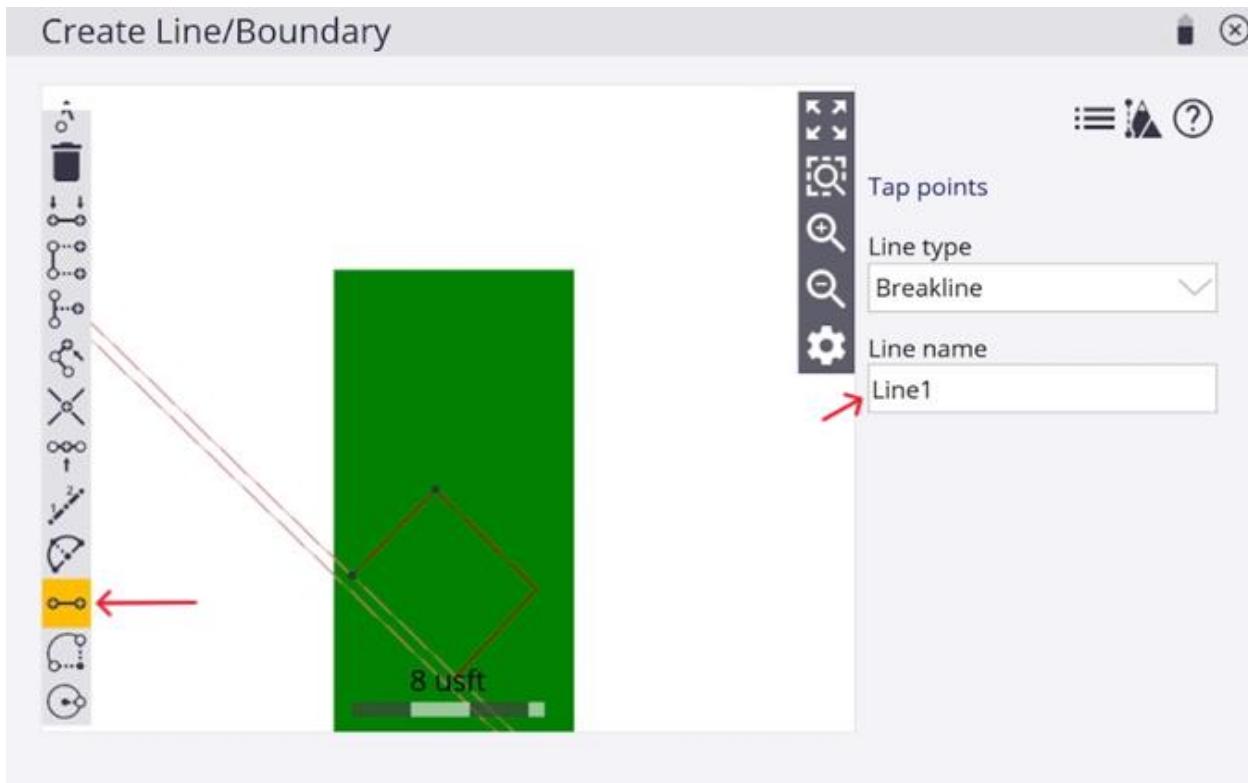

2. Tap on COGO.

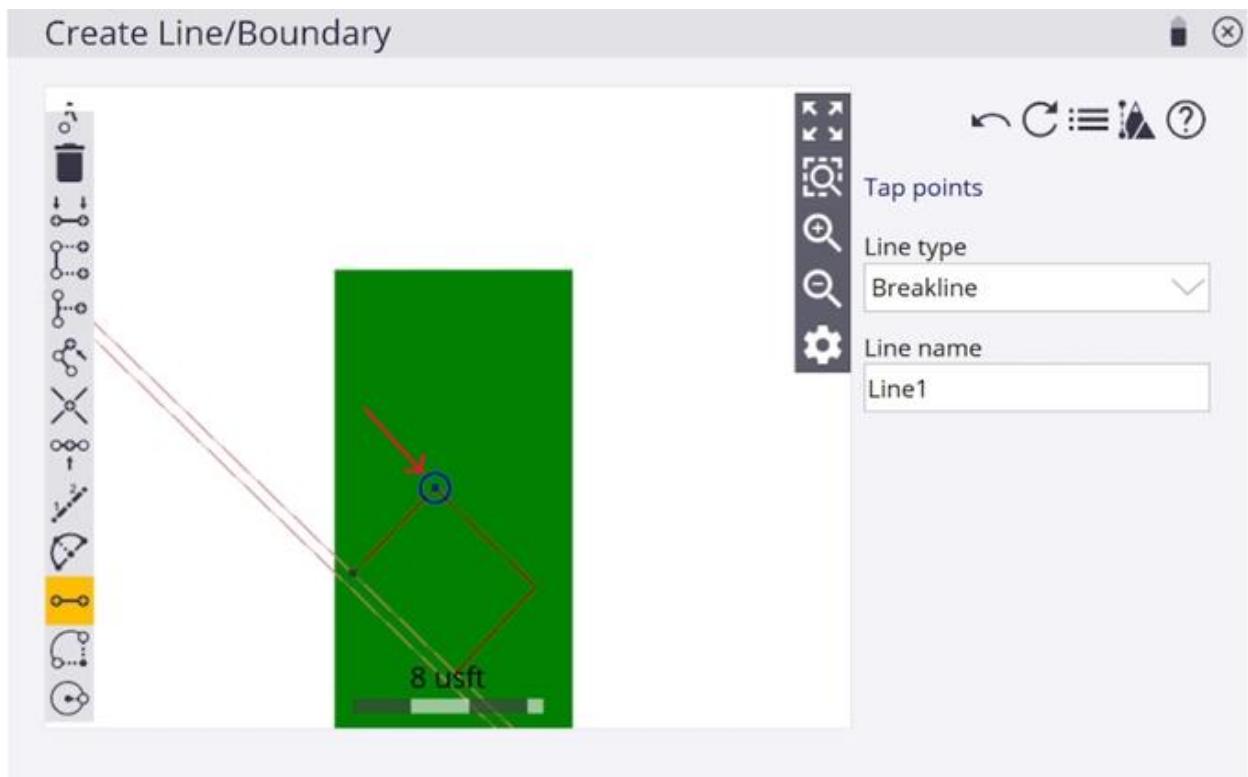

3. Select **Create Points/Arcs**.

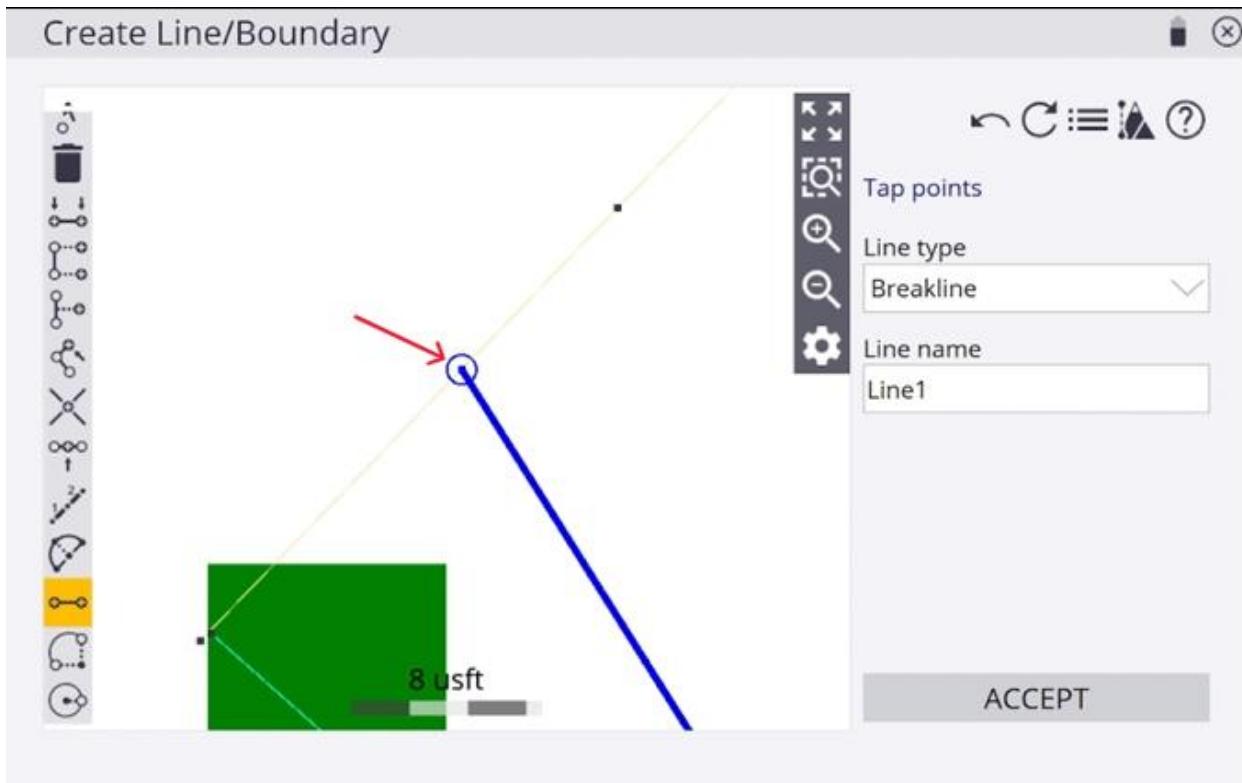

4. Select the Line icon, type in a **Line name**.

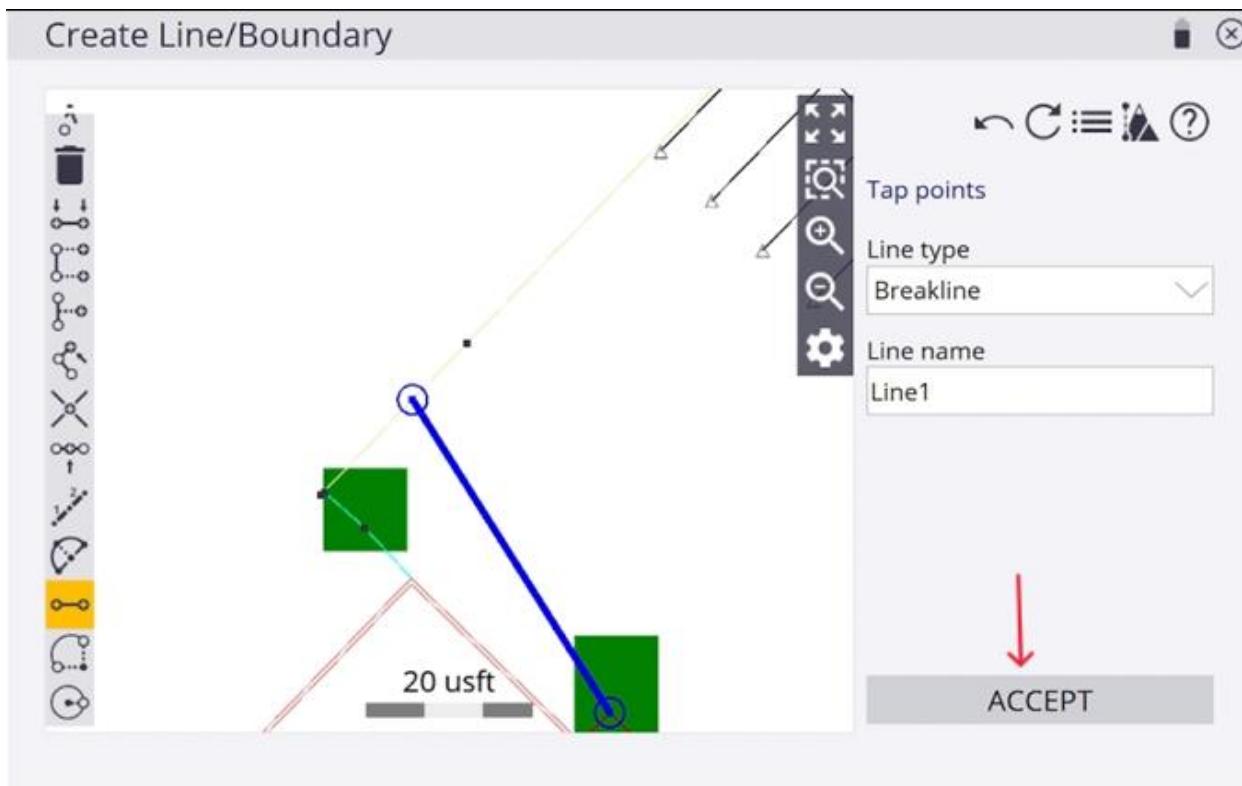

5. Tap on the point you want to start the line with.

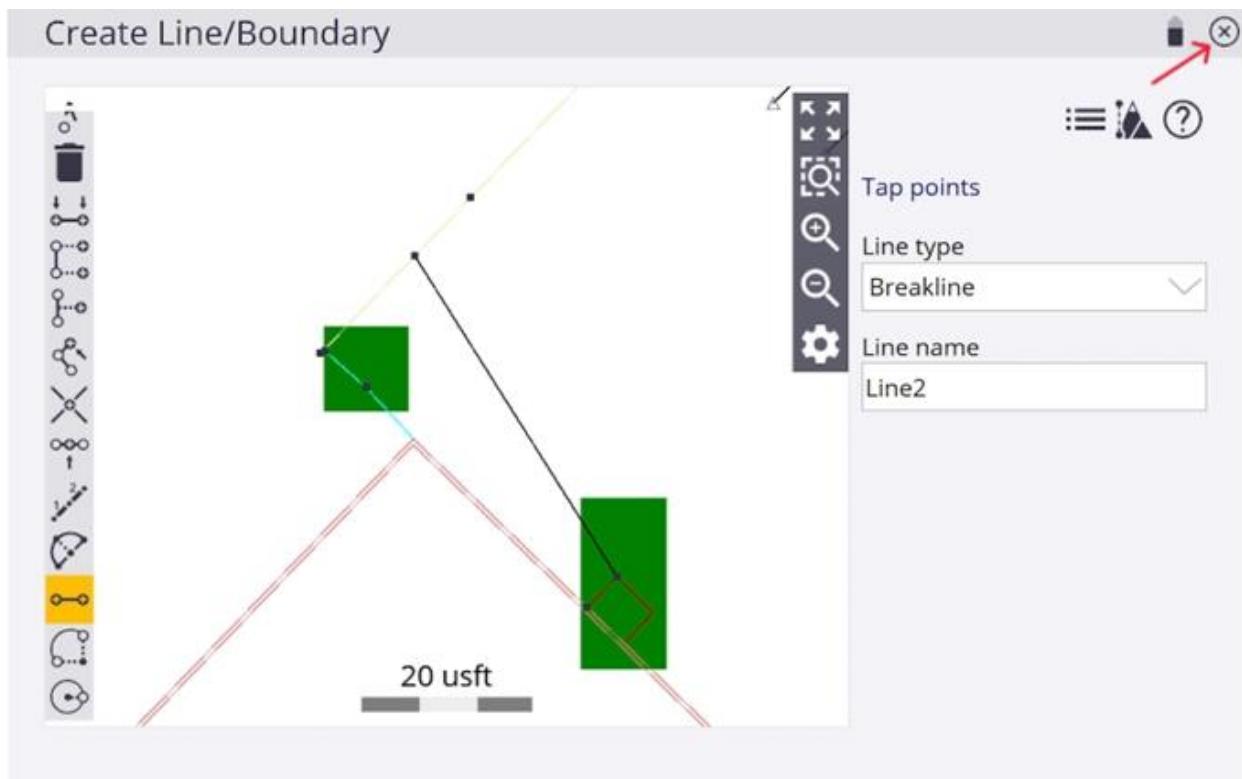

6. Tap on a second point to create the line.

7. Tap **ACCEPT**.

8. As you can see, the line is created. Tap the **x** in the top right.

5900 NE 152nd Ave. Suite 120 Vancouver, WA 98682
